Website: ungnhutkhang.id.vn

Career objective

Software Engineering student at UMT seeking a web development internship. Hands-on experience with React, Next.js, TypeScript, databases and API integration through personal and team projects. An independent learner who uses AI tools to support coding and is eager to contribute to real projects.

Education

Ho Chi Minh City University of Management and Technology (UMT) 2024 - present
Information Technology, majoring in Software Engineering (SE)

- Current GPA: **3.31**. Expected graduation: **2028**.

Projects

IELTS Vocabulary GitHub
Personal project / IELTS vocabulary app *Next.js, TypeScript, Tailwind CSS, Prisma, PostgreSQL*

- SM-2 spaced repetition, practice games and pronunciation; sign-in, saved learning data and progress tracking.

InnovateX Smart Port 2025 / GitHub
Sole developer / Team-developed concept *Next.js, TypeScript, Prisma, PostgreSQL*

- Port scheduling, appointment management, operations dashboards and green credits. **Top 20 (Semifinalist)**, Digiport Logistics Hackathon 2025.

Vô Tri Live / GitHub
Personal project / Browser games *JavaScript, Three.js, Web Audio API, HTML, CSS*

- Splash Swim and Wobbly Bird with 3D scenes, physics and audio; Vietnamese/English support, settings and records saved in the browser.

Thi Tho - Live Quiz Gameshow Live / GitHub
Personal project / Realtime quiz gameshow *Next.js, TypeScript, Supabase Realtime, Tailwind CSS*

- A four-player quiz system with an MC/judge control panel and stage display; synchronized answers, countdowns and scores, with buzzer and scoring controls.

Drive Music GitHub
Personal project / Web music player *React, Next.js, Media Session API, PWA*

- FLAC playback, playlists and lock-screen controls; a responsive interface with installable PWA support.

CSVC UMT (Facilities Management) *In development*

- A team web application for facilities management at UMT. Role: Development team member.

Technical skills

Frontend:	JavaScript, TypeScript, React, Next.js, Tailwind CSS, Responsive UI.
Backend:	Next.js API Routes, RESTful API, Prisma ORM, basic authentication.
Databases:	PostgreSQL, MySQL, Supabase.
Tools:	Git, GitHub, Vercel.
AI-assisted coding:	Adapt to AI tools for documentation research, coding assistance and debugging.
English:	B1-B2 (self-assessed, not certified).

Interests

Meeting friends, conversations over coffee, music and films.
